See how you can help save lives, one Deaf drunk at a time!

The Deaf Access Committee is an 11th tradition committee formed to enable AA members to carry the lifesaving message of recovery to the over 2000 still suffering alcoholics in Western Washington. We are fully funded by AA members and

all participation is the service of those of us who are freely giving what we have freely received.

Do you feel adventurous? join us....no helmets...bwahaha!
