The purpose of this Local Forum is to learn how our local area can reach across cultural, language, historical, geographical, and social boundaries to open the circles of fellowship for all who seek recovery.

- Presentations by GSO Staff and our Pacific Region Trustee
- Panels that are planned include: Hispanic, Native American, Deaf and Hard of Hearing, Russian/Ukrainian, Gay, Lesbian, Bisexual and Transgendered A.A. members.

We are coming together to discuss:

- Specific problems with reaching the still suffering alcoholics in these communities.
- What are the problems, questions, solutions, etc.?
- Do you have experiences that may help others?
- Do you have challenges in your community?
- Are there concerns with our General Service Office?
- What could the General Service Office do to help you better carry the message?
